 and confirmation to make up the
 ultimate package.*

My name is Nelly Jaehne, I breed quality Friesian, Gypsy Cob and Cydie Cross sport horses from my Stud in Northern Tasmania – www.firestonelodge.com.au

I have MS, first diagnosed in 2000 and recently I have been wheel chair bound. Despite my health challenges I have still retained my passion for horses and specialise in trick training my own horses and my foals for special clients. Over the past few years I have been asked to provide demonstrations for various horse groups. I recently performed at Agfest in April 2010 where I was publically invited to perform at Equitana 2010 in November.
